To Whom It May Concern:

Re: Donald E. Pugh

It is my pleasure to recommend Donald Pugh to you for employment. Over the past two summers he has worked in a variety of historical research and writing projects with Parks and Recreation Areas Branch. I can not speak too highly of the skills as a historian which he exhibited during this period. He demonstrated sound knowledge of historical methodology and was able to use it effectively in the organization and completion of projects within prescribed deadlines. His prodigious capacity for work, his enthusiasm and his willingness to work with a wide variety of other resource people were evident in each of the projects in which he was involved. Throughout his period of employment here we were able to rely on the depth and breadth of his knowledge of the history of the province.

Also, it is important to mention that all of the projects of which Donald was a part were directed towards fulfilling an interpretive and educational function. Donald showed considerable sensitivity in the area of communications and aided in script writing and in the selection of visual aids for educational purposes. In conclusion let me say that it is my opinion that Donald Pugh would be a very definite asset to the teaching staff of an educational institution.

Yours truly,

Bob Bowes,
Historian.
